

Acciaio / Acciaio Extreme

High protection class combined exit sign luminaire / emergency luminaire with high impact strength: The casing is made of zinc-coated sheet steel, the caps are made of plastic and the insert is made of tempered glass. The caps and the insert are securely fastened to the casing. Lighting control is provided by a highly reflective aluminium reflector. Single or double-sided escape route signage is provided thanks to exchangeable display inserts. Explosion protection for zone 2 (II 3G Ex nA IIB T4) and zone 22 (II 3D Ex tD A22 T100). Extremely resistant to both mechanical and chemical stress. The Acciaio Extreme version comes with integrated heating so it can be used outdoors at ambient temperatures from -40°C to +40°C.
