

Recessed luminaires – separate/coupling in lines

Material:

- body: anodized aluminium profile and steel endings
- color: gray
- louvre: highly polished parabolic (IP20)
- diffuser: frosted acrylic glass (IP40)

Degree of protection: IP20, IP40

Rated voltage: 230V/50Hz

Control gear: electronic ballast; the luminaires are offered also in emergency version

Mounting:

86-02 - recessed separate mounting (endings are supplied with luminaire)

86-03 - recessed coupling in lines mounting (endings must be ordered separately)

Accessories: univerzal holders (provided with luminaire)

To be ordered separately:

99-0102 – ending (1 pc) for recessed version coupling in lines (for louvre IP20)

99-0124 – ending (1 pc) for recessed version coupling in lines (for diffuser IP40)

99-0125 – coupler for coupling in lines for diffuser IP40 (couplers for IP20 are supplied with luminaire)

Application: restaurants, shops, hotels, finance houses, corridors and stairways

Available emergency power-packs:

Separate mounting:

- 1h autonomy (TR1) for versions 28-54-35-80W
 - 3h autonomy (TR3) for version 28W only
- (Ord. code for example: 86-023/135/CB+++TR1)

Coupling in lines:

- 1h autonomy (TR1) for versions 35W & 80W only
 - 3h autonomy (TR3) for version 28W only
- (Ord. code for example: 86-033/128/CM+++TR3)

AT, LG options are not available.

Available emergency modules:

Luminaire version with LED EM-module (TRLED) is extended by 100mm and equipped with EM-module at one end of the luminaire.

(Ord. code for example: 86-033/154/CB+++TRLED)
